

Immunisation Policy

Implementation Date	September 2026
Review Date	September 2027
Reviewer	Liam Donovan

At **Longwood School and Nursery**, we expect that children are vaccinated in accordance with the government's health policy and their age. We follow the NDNA guidance factsheet. We ask that parents inform us if their children are not vaccinated so that we can manage any risks to their own children or other children/staff/parents in the best way possible.

Parents need to be aware that some children at Longwood may not be vaccinated, due to their age, medical reasons or parental choice. Longwood does not discriminate against children who have not received their immunisations and will not disclose individual details to other parents. We will share the risks of infection when applicable if children have not had immunisations (eg if we become aware of government advice for parents). Parents of children who have not had certain immunisations are required to inform us, using the form below, so that we can liaise with Public Health England or other regulatory bodies when necessary. We have a form for this purpose (immunisation opt-out form).

It is the responsibility of the parents to keep Longwood informed as their child reaches each stage of their immunisation programme. Longwood cannot be held accountable for out-of-date information.

Name of Child:

As a parent I am aware that immunisation is voluntary in the UK and is based on the system of informed consent and patient autonomy. I have used the information available to me and decided not to have my child immunised against the following immunisations:

Name of vaccination(s):

*I am aware of the risks of infection that my child may be at risk of whilst attending nursery and have spoken to my child's health visitor and/or doctor regarding immunisations.

*I am aware of the risks of infection that my child may be at risk of whilst attending nursery but have not spoken to my child's health visitor and/or doctor regarding immunisations. I have taken advice from Longwood to speak to them.
